Neurofeedback...
the drug-free way to train the brain

Contact us today for a consultation!

Unlock your child's potential with Neurofeedback. This pain-free treatment positively and directly changes EEG brain activity, improving the ability of the brain to function optimally while decreasing symptoms of neuropsychological conditions.

EASE THE SYMPTOMS OF:

- ADHD
- Mood Disorders
- Autism
- Learning Disabilities

Convenient home training now offered!
See results in 30 days!
